Press Release

For Immediate Release

Title: Enjoy Summer in the Sun

With a Tunstall radio trigger pendant you can enjoy summer in the sun, time in the garden and make the most of outdoors, knowing you will still be safe and supported.

The Tunstall radio trigger is worn on a pendant around the neck, wrist band or belt clip and allows the wearer to activate a call for assistance up to 50 meters from the base alarm.

The Tunstall base alarm is installed in the home and when activated connects the resident with Tunstall's 24 hour response centre.

The response operator will speak with the resident and organise the necessary assistance for the emergency situation, such as a family member or friend to be contacted, emergency services to be called or after hours GP to be organised.

Tunstall also has easy press adaptors that allow people with limited dexterity to press their pendant with ease.

With Tunstall's radio trigger pendant, personal alarm and easy press adaptor, nobody needs to miss out on enjoying the outdoors this summer.

For more information on Tunstall's radio trigger pendant visit www.tunstallhealthcare.com.au or call 1300 760 333.
